

COURSE.	DISTANCE.	REMARKS.
---------	-----------	----------

East from NW corner 161.50 to NE cor. section 12. 7. 7. returned
80.66 and placed Tumpy first for NE cor. Section 11
South from NE cor. Sec 2. 7. 7. (found B.T. and located NW cor. of 2.)
163.25 to SE cor. Section 11, where I found a
stone placed by Rumer bear 5 1/2" 27 links from a stone
placed near the original shoulder. This stone is certainly at
the org. place, no evidence of org. B.T. at E 1/4 of sec 11 and
also, census on south line. I adopt this corner as
right and Rest it. Then began at SW corner Sec 11
East. 80.2X to SE cor. After locating all
exterior corners on south line of Section 11. at the
proportioned distances I located to NW corner
and located it at proportioned distance from full
corner E & W N.T.S. as shown by Government field notes
then proceeded to subdivide Section, by projecting
E & W and N.T.S. quarter lines. Placing Cen X cor
at the intersection of these lines, with distances as
shown on plat herein.
